

OFFICE OF THE GOVERNOR

October 2017

Manufacturing Awareness and Appreciation Month

On behalf of the state of California, I am pleased to recognize October 2017 as Manufacturing Awareness and Appreciation Month to showcase manufacturers and increase awareness of manufacturing careers.

Manufacturing jobs are critical to the economy and provide living wages with long-term career opportunities. By aligning and leveraging the efforts of manufacturers, educational systems, Workforce Investment Boards, Economic Development Corporations, Chambers of Commerce, and other public, private, and nonprofit organizations, the short-term shortages of skilled labor can be filled, and long-term solutions can be developed.

The manufacturing sector is crucial to the California economy and I thank them for their contributions.

Sincerely,

EDMUND G. BROWN JR.
